

A b s t r a c t

The invention relates to a method of producing a tubular pouch (10) having a standing base (20) formed integrally therewith, the standing base (20) being formed by sealing an end (30) of a tubular portion (40) that forms the tubular pouch (10) and drawing the sealed tubular pouch end (30) into the tubular pouch portion (40). The invention further relates to a tubular pouch produced by that method.
